

I ♥

Spring

Weather, Plants,
& Earth Day!

My Planting How to Plant a Seed

You will need:

OBSERVATION

My Planting My Findings

Draw a seed and write down what you need to plant it. Start with day 1 and then choose the days that you want to record your observations.

You learned a lot about how plants grow! Write down 2 things that you learned, 2 things that you enjoyed, and 1 question that you still have about how plants grow.

April Showers... Bring May Flowers

Let's Predict!

Do you think it will rain in April? yes no

I think April is a good time to plant flowers.

April Showers, Bring May Flowers

Let's Record Our Findings!

7	8	9	10	11	12	13
14	15	16	17	18	19	20
21	22	23	24	25	26	27
28	29	30				

April Showers... Picture Book Project

Staple the pages at the top. Students can take as many "April Showers" and "May Flowers" as they like.

inpt
fwlre
sd
etraw
odof
uns
eelavs
sotor
dnrgae
volsen

Butterfly Craft

Instructions

Step 1:

*If you don't grate your butterfly too dark, spread the shavings. If they will mix too when ironed.

This is what it will look like!

has many crayon shavings in it and the bottom one has less*

Have Fun!
