CHARACTER

Name _____

Nathan was very smart. He thought he knew more than everyone. One sunny morning, he went for a drive with his dad. "There may be a waterfall somewhere up that mountain," Dad said. "Let's look at the map to see which hiking trail to follow," he continued. "Dad! I know which trail it is!" Nathan shouted. He started running up the widest trail. "Nathan, wait, you don't know…that's not the right trail…" Dad yelled. Nathan ignored him and kept running.

After running for a while, Nathan was hot and tired. He was at the end of the trail. There was no waterfall. He turned around to ask his dad for some water, but he didn't see him anywhere. "Dad!" Nathan shouted. "He probably got lost," thought Nathan as he walked back down the trail. At the bottom of the mountain he saw his dad sitting on a rock at the trail head. "Why didn't you follow me? I knew the right trail!" Nathan exclaimed.

"Did you find the waterfall?" Dad asked. "Well, no…" Nathan said. "Then it wasn't the right trail. While you were running up that trail, I followed the map and found the waterfall. It was beautiful! I'm sad you missed it," Nathan's dad said. "Can I see the waterfall now?" Nathan asked. "We wouldn't have time before it would be dark," Dad replied. "I guess I don't always know more than everyone else," Nathan said as they got back in the car to drive home.

...look at the map to see which hiking trail to follow," he continued. "Dad! I know which trail it is!" Nathan shouted. He started running up the widest trail. "Nathan, wait, you don't know…that isn't the right trail…" Dad protested. Nathan ignored his dad and kept running.

After running on the trail for a while, Nathan was sweaty and tired. He was at the end of the trail. There was no waterfall in sight. He turned around to ask his dad for some water, but he didn't see him anywhere. Tall pine trees surrounded Nathan. Clouds were gathering and it looked like it might get stormy. "Dad!" Nathan shouted. "He probably got lost," thought Nathan as he started walking back down the trail. When Nathan got back down the mountain, his dad was sitting on a rock at the trail head. "Why didn't you follow me? I knew the right trail!" Nathan exclaimed.

Stubborn

...ays told Braxton, "you are stubborn". This made his parents ...rustrated. But Braxton just needed everything to go his way. One day, his teacher put the students in groups for a project. "I don't want to be in Braxton's group," Jake said. "Me neither. He won't ever compromise," Amy chimed in. Braxton pretended he hadn't heard what they said. It took all of Braxton's self-control not to cry. "I need to learn how to stop being stubborn," he thought.

y Little Learners 2020

The droughts made it hard to grow food, so people didn't have much to eat. The plants died and the ground was empty which made the dirt blow around. All of the dust made people sick. The Dust Bowl lasted until 1939 when the rain came. Many people had moved to California to get out of the Dust Bowl.

Instructions for Families

    Please have your child read the passage aloud for one minute. Do not stop your child during this time. Note any errors made, but do not correct them. If your child is stuck on a word, you may provide the word after 3 seconds has gone by.

    When one minute is complete, calculate how many words your child read correctly. The numbers on the side of the passage will help. Errors include words that are skipped or said incorrectly. Record how many words your child read correctly in one minute.

    Accuracy can be calculated by dividing the number of words read correctly by the total number of words read in all. For example, if your child read 97 words correct and had 3 errors, the total would be 100 words. 97 words correct divided by 100 total words would equal 97%. Record your child's accuracy percentage.

    This should be done 3 times for one minute each time. When your child is finished have your child answer the comprehension questions on the back of this page.

    Remember, when your child practices their fluency they are strengthening their word recognition, expression, accuracy and speed; all important skills for being a great reader!
