EMERGENCY SUBPLANS

for grades 1 & 2

SCROLL THROUGH THIS GUIDE TO LEARN MORE ABOUT THIS RESOURCE!

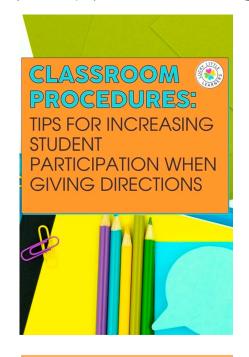

Hi there!

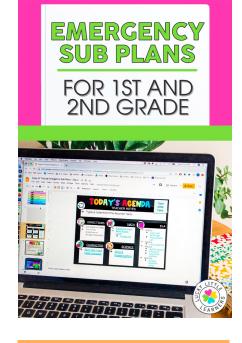

Thank you so much for downloading my printable emergency sub plans! This document will help you get started using the resource with your students.

HELPFUL TIPS:

- Open the PDF files with Adobe Reader. If you do not have the most current version
 of Adobe Reader installed, you can get it for free here.
- This series includes BOTH materials to help you get set up for the substitute, and activities for the students to do on the day(s) you are gone. Glance through the Contents on the next pages to find the files you want to download. You can click on them right from this document. You can use the bundling tool to bundle them together before downloading or download files individually.
- Please open any editable documents with PowerPoint for the best experience, and then save as PDF before printing.

LESSON PLANS

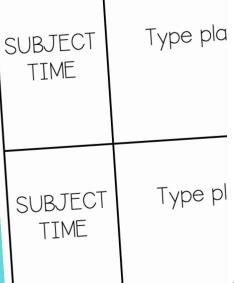

Today's Plans

Today's Date: Helpful Staff Members:

Subject &		Plans	Notes		
	Time SUBJECT TIME	Type plans here.	Type notes here.		

Drag and drop the instructions for each activity right into the lesson plan template!

ACTIVITY PLANS

Copy and paste the directions for each activity into your plan for the day. Click inside the text box to edit and adjust the directions to suit the needs of your students.

Comprehension Questions Use these questions as you are reading the story to the

Rosie Revere, Engineer

students. Questions are marked for asking before reading and after reading the story. These questions are for the teacher to use only. They are not student worksheets.

Rosie's Character Traits After reading the story, engage students in a discussion about Rosie. Review the concept of character traits (adjectives that could be used to describe Rosie). Pass out this worksheet. Students will fill ir the bubbles with words to describe Rosie inside and outside.

Retelling Rosie

After reading the story, pass out this worksheet. Students should draw a picture and write sentences that retell the events from the beginning, middle, and end of the text.

Sequencing

After reading the story, pass out this worksheet. Students will cut apart the sentences at the bottom of the page. They should glue the events in order in the gray boxes. Students will draw a picture to match each event of the sequence.

Editable daily plan template and editable activity instructions, with images of matching activity

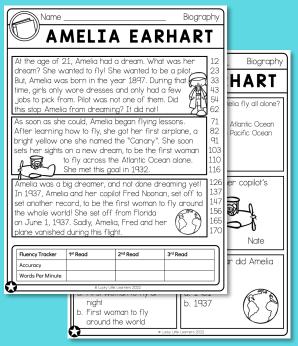

Rosie's Changes

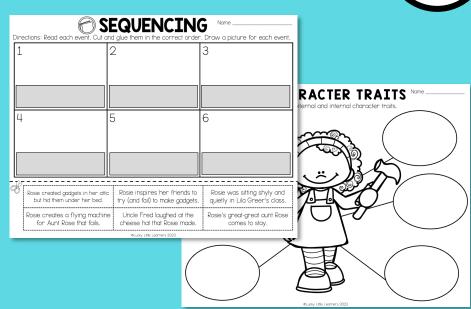

Discuss with the students how Rosie changes in the story and what events cause these changes. Students will write what Rosie was like at the beginning of the story and the events that changed her.

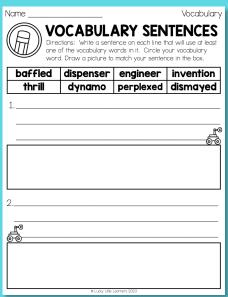

A Character's Impact Review how Uncle Fred and Aunt Rose reacted to Rosie's inventions. How did their responses have an impact on Rosie? Students will write a response and draw a picture of each character.

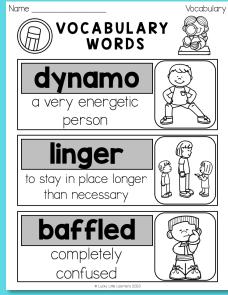

READING ACTIVITIES

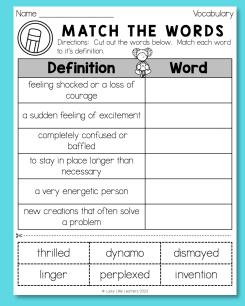

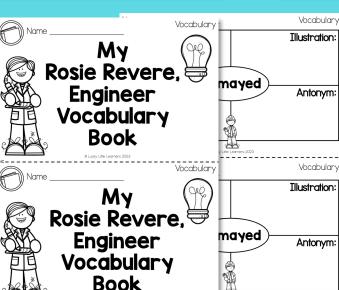

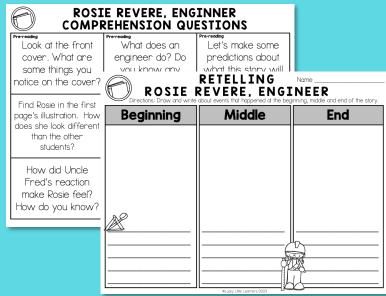

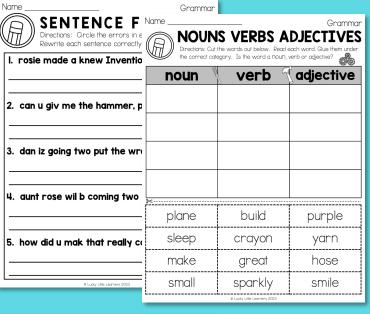

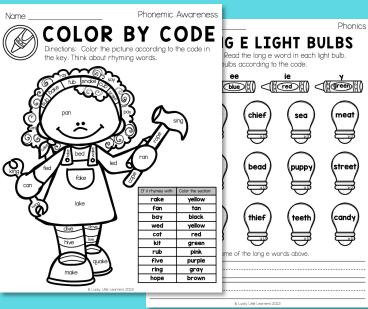

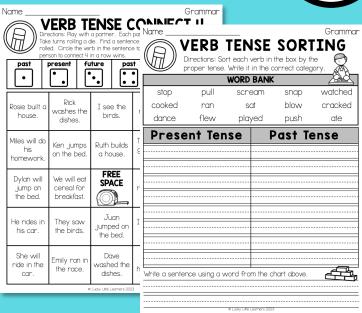

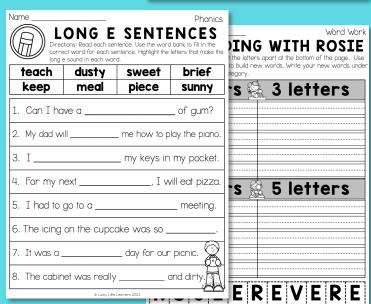

LITERACY

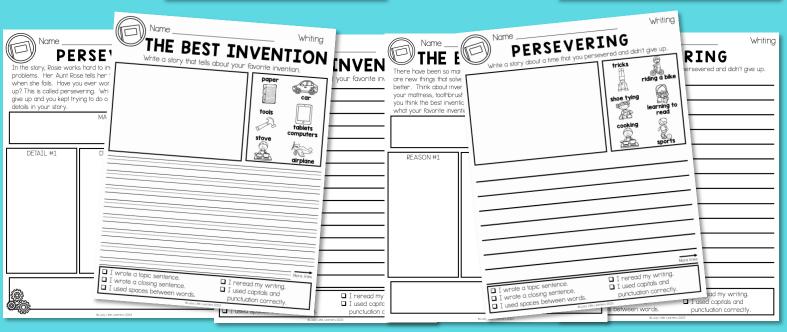

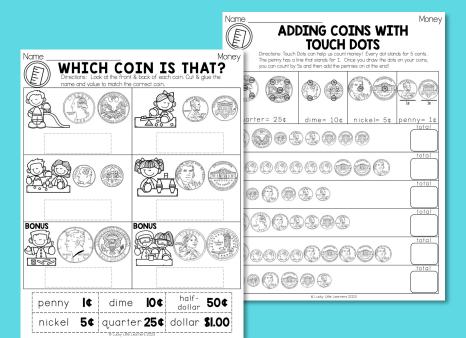

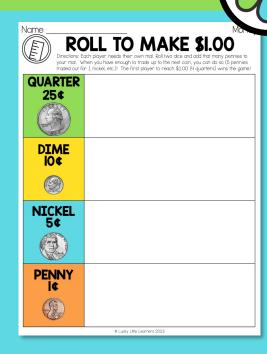

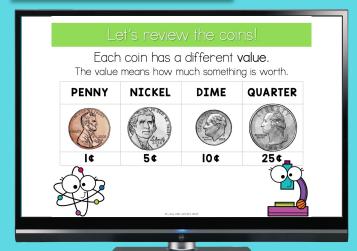

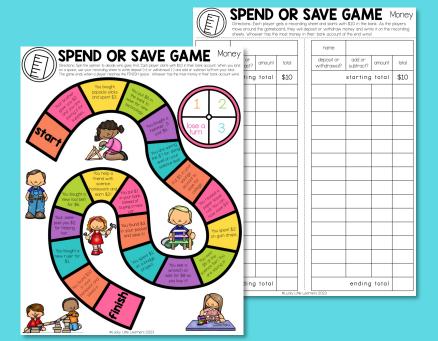

MATH

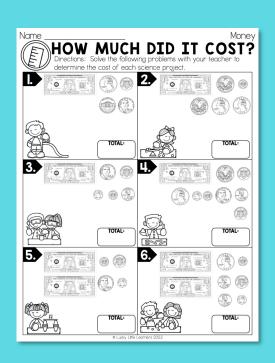

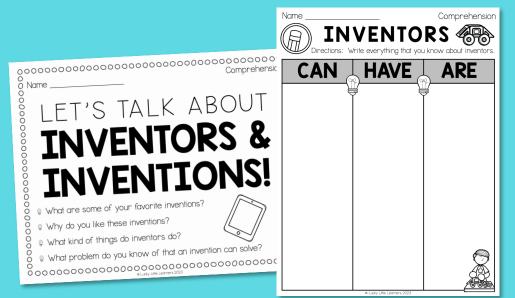

SCIENCE & SOCIAL STUDIES

Directions: Rosie is trying to build a loop plane that will fly the furthest. Can you help Rosie design a plane? Loop planes can fly really far. The hoops provide 'arag' or air resistance. The straw gives it stability. A smaller loop in the front helps keep your plan on track. Can you create a loop plane that flies the furthest in your class?

Building Materials:

paper strip template

straw

scissors paper clips (to add weight to your plane)

Questions to consider:

- $\ensuremath{\mathbb{V}}$ Where will you place your hoops on your design?

- Should you add weight to your loop plane by using paper clips?
- Where should you put the weight (paper clips)?

Procedures

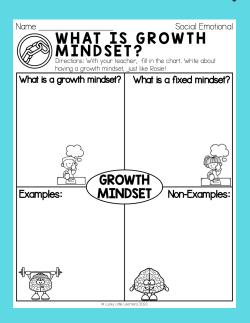

- 1. You will have 5 minutes to plan your design
- 2. You will have 10 minutes to build your design.
- You will have 10 minutes to test your design by testing it out. (Be careful. Make sure no one is in your way when you launch your loop plane.
- 4. You can make changes to your designs as needed before your final test

ART, SEL & FUN

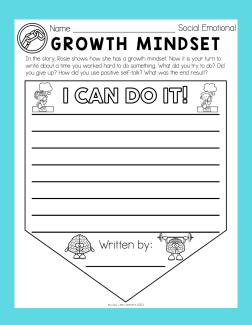

ROSIE THE (

INVENTOR POSTER

Name

Sketch your design

Directions: Show students the original "Rosie the Riveter" poster from a website (optional). Have students create a poster of their own based off "Rosie the Inventor" from the books. They should create a title, draw Rosie, and show things all about her on the poster. This is a time for them to be imaginative by using words, drawings, and coloring!

Materials:

pencils sketch paper erasers blank paper or poster coloring supplies

Procedures

- Have students think of a title to go at the top of their poster. You could have students share to help brainstorm.
- 2. Allow students about 10 minutes to sketch out a title & drawing on their sketch paper.
- Pass out blank paper, construction paper, or poster paper for students to begin their poster. Have students begin with pencil.
- Allow students time to trace their pencil drawings in marker. Then have students color using crayons, markers, or colored pencils.
- 5. If time permits, have students share posters with the class.
