# ●●● ELA SPIRAL FAQ'S

## WHY SPIRAL?

This resource is designed to spiral through the grammar, phonics, and language concepts that are taught throughout the year. Research shows that a constant and consistent spiral review and practice of skills help students retain the mastery of the skill.

## QUICK & EFFECTIVE

Spiral ELA sheets are set up as a 5 day review that can be used in the classroom for morning work or at home as homework. Each day has 5 problems of concepts that the students have already learned. Whether at home or at school, each day of problems should take anywhere from 5-10 minutes.

## ALIGNED TO THE STANDARDS

Each week a new standard is featured on the far right columns of the worksheet. The skills continue to spiral so that students consistently practice and master the skills.
